

# ***Burley Parent/Guardian Pledge***

We know we are the people Burley students look up to and we commit to modeling behaviors that keep our family and our community safe. To demonstrate our commitment to a safe reopening of schools, we promise to:

-----  
**parent/guardian signature**

-----  
**parent/guardian signature**

## **Limit Social Contacts**

Our family will not expand our social circles and will avoid all large gatherings. Wherever possible we will tighten our circle to reduce exposure.

## **Practice and Model Good Hygiene**

I will model good hand hygiene by washing my hands for 20 seconds, using hand sanitizer, and catching coughs and sneezes in an elbow or a tissue when not masked (or when I cough and sneeze with a mask on). I will keep my family's masks sanitary with frequent washing and send my child to school with backups in their backpacks.

## **Keep Distance From Others**

I will keep 6 feet of distance from others not in my family and support my student in their pledge to maintain distance outside of school. I will not gather or allow my family members to gather on school grounds.

## **Follow Travel Guidelines**

If travel outside of Illinois is necessary, I will stay updated on, and follow, the latest CPS quarantine and testing requirements.

## **Complete Daily Health Screener**

I will take my child's temperature and fill out a health screener for each child in my family every morning. (To make it easier, I can have customized screener links for each child texted to me!)

## **Wear Masks**

I will model proper mask wearing and require my student to wear a mask outside of school hours when they are with friends or others not in our immediate bubble.

## **Follow New Drop-off and Pick-up Procedures**

Staggered start times add complexity to school staff's job and are crucial to maintaining school safety. I commit to having my student(s) at their assigned door ready to enter at their assigned time, picking my student up at their assigned time, and not lingering on school property. I will model social distancing at drop off and pick up and not congregate with other parents.

## **Be Proud**

I will tell my child that I am proud of them for following directions to keep their school and community safe. I will read through the 'Burley Tiger Pledge' (student version) and support and encourage them in following any and all new protocols.
